BOXBURY, MARS.

DEAR MADAR: —The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the manimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Drugglats in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a fail knowledge of its curative power, in rejleving all, and curing most of those diseases to which you are unfortunately so liable. That most exeruciating disease to an affectionate mother,

NURSING SOHE MOUTH, Is cured as if hy a miracle; your own temper is restored to its natural sweetness, and your babe from short, and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your hushand In the more advanced stages of OANKESE It extends to the stomach, causing BYSPEPSIA

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous field of the canker eats it up; then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes loose and fishby, and the fibres of your body become loose and fishby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to OURE; Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the howels, and also that most excruciating of diseases, the

PILES. How many thousand of poor women are suffering from this disease and plining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old provers, "An ounce of prevention is better than a pound of cure," In the MEDICAL DISCOVERY you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury.

THE MEDICAL DISCOVERY specialy intended for diseases of the blood, but ain introduction in the Western States, it is found to AGUE REMEDY

Directions for use—Adults one table spoonful per day—Children over ten years, dessert spoonful—Children from five to eight years, ten spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bewels twice a day.

Imparting to it an unequiled gloss and brilliancy, making it soft and silly in its texture, and causing it to curressally.

The great celebrity and increasing demand for this unequaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It superior qualities over any other preparation in use. It superior qualities and scalp from dandruff and other cutaneous diseases, causing the hair to grow luxuriantly, giving it a rich, soft, glossy and flexible appearance, and also, where the hair is becening and thinning, it will give sirength and vigor to the roots and restore the growth to hose parts which have become baid, causing it to yield a resh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. h. has in his possession letters innumerable testifying to the above facts, from persons of the highest reduced. Hilly. It will effectually prevent the hair from turning until the latest period of tite; and in cases where the his has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hue, giving its dark glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plainty in curis; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any-impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair. Privasumen, Jan. 11, 1860.

Dr., Karsen: — My wife has been afflicted with a bad cough and difficulty of breathing, for five or six years, which, for several years beek, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Compt Syrup. I bought, the first time, a fifty cent bottle, which relieved her very much; I then catled and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine my self to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you dealer to do so.

Alderman Fifth Ward.

PITTEBURGH, Nov. 18, 1839.

DR. KEYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indesorthable to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person she may in any manner be afflicted with coughs, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less, in my life, affected with the severent of colds and hearseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few dozes of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unbesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,

EDWARD J. JONES,

I take great pleasure in saying that it is all you say it is. It knocked the noise out of my cough and the worst one I was ever afflicted with: I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. READ THE TRUTH, —DR. KETSER: I have a daughter who has taken several medicines for a bad cough, without benefit—among them Ayer's Cherry Pectoral.—I purchased from you a bottle of your PECTORAL SYRUF, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

A GREAT CURE BY DR. KEYSER'S PECTORAL.
BYRUP.—I live in Penbles township, Allegheny county.
I had a coughing and spitting, which commenced acout
the 4th of February last, and continued eight months. I
employed the best physicians in the country, and my
cough continued unabsted until early in October. At
that time I was advised to try your PECTORAL OCTOH

was entirely free from the coughing and spitting. I had

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill, with a had cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pecteral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being aboute; hty years old. I have no doubt the Pectoral swed his life.

DR. REYBER'S PROTORAL SYRUP IN ELAIRS-VILLE.—Please send me another supply of your valuable "Pectoral Syrup." Almost everybody around us has the cold and are inquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles last week, and are now entirely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa, tell us they would not be without it in their families. In fact, all who use it once want it again. Yours, respectfully,

ANOTHER NEW CERTIFICATE—DR. KEYSER'S
PECYCRAL SYRUP.—I had been troubled with a cough
and cold for several weeks—so bad was it that I could not
sleep. I had the advice and prescriptions from three of
the best physicians in the city, whom I could name, but do
not do so. I finally promured a bottle of your Pectoral
Syrup, which cured me entirely. Signed,

"STOP THAT COUGHING."—How can I do it?" "Go to Keyser's on Wood attret and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittaburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we over experienced since our adventupon this mundance sphere. We coughed steadily and laboriously for one whole week, in hopes of diring & out, but it was no go. In fact it seemed rather to have improved hy practice, and to have acquired strength potency and distressibility by the operation. In this stage of the siegs, we coughed our way to Keyser's, 140 Wood St.—procured a fity cent bottle of the "Pectoral;" took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unsqual conflict with so formidable an adversary as Reyser's famous "Cough Pectoral."—Droceneville Chipper, Dec. 14, 1859.
